(b) *Alternative special quota.* Any farmer-user entitled to the 100% quota may use, instead, a quota figured as follows:

(1) Divide the number of bushels of seeds and grains he expects to harvest this year by the number he harvested in 1941.

(2) Multiply the resulting figure by the number of bags he accepted during 1941 for packing small seeds and grains. The figure then resulting is the number of bags his quota allows.

(c) *Dealers' use of PR 19 ratings.* Notwithstanding Priorities Regulation No. 19, until further notice no dealer in the states listed in paragraph (a) above shall use any farmers' certificates as a basis for getting priority on burlap bags if the certificates were received by him after August 1943.

PART 1010—SUSPENSION ORDER

[Stay of Execution of Suspension Order S-385]

W. H. DEISROTH CO., INC.

W. H. Deisroth Company, Inc., has made application for stay of Suspension Order No. S-385 and has filed an appeal. It has presented evidence tending to show that substantial and irreparable harm will be done to it if a stay is not granted pending determination of its appeal. Based upon this evidence submitted by W. H. Deisroth Company, Inc., the Chief Compliance Commissioner has

directed that Suspension Order S-385 shall be stayed pending final determination of the appeal, but no later than September 10, 1943.

Issued this 17th day of August 1943.

PART 3133—PRINTING AND PUBLISHING

[Interpretation 2 to General Limitation Order L-240]

NEWSPAPERS

The following Interpretation 2 is issued with respect to General Limitation Order L-240.

Paragraph (d) (1) of Order L-240 (§ 3133.6) restricts the tonnage of print paper which a publisher may accept in any month. If this amount works out to a whole number of carloads plus a fraction of another carload, a publisher may carry the fraction over into the next month. Thus, if a publisher's quarterly quota of print paper would fill 25½ freight cars, he would be permitted to accept 8½ carloads per month. However, if he accepts only 8 carloads in the first month he may accept 9 in the next month.

Issued this 17th day of August 1943.

Recording Secretary.

3. Section 1394.7601 (b) is revoked.

5. Section 1394.7604 (a) is revoked.

6. Section 1394.7651 is amended by deleting the words "during the period from November 22, 1942, or the date of issuance of the ration, whichever is later, to July 21, 1943 (to November 21, 1943 with respect to passenger automobiles in the gasoline shortage area), inclusive".

7. In § 1394.7652 the last sentence is amended to read as follows:

Coupons in basic Class D books issued for use after July 21, 1943 shall be valid for transfer of gasoline to a consumer at any time before July 22, 1944, in Area A and at any time before November 12, 1944, in Area B and in the gasoline shortage area.

8. Section 1394.7653 (a) is amended to read as follows:

(a) Application for a basic ration book may be made to a Board on Form OPA R-534. A separate application shall be made for each passenger automobile or motorcycle for which a basic ration is sought.

9. Section 1394.7653 (d) is amended to read as follows:

(d) Pursuant to such application, the Board shall issue a basic ration. Before issuing a Class A or basic Class D ration book the Board shall remove coupons from the book according to the following formula:

(2) From a Class A book issued in the gasoline shortage area: All expired coupons and one currently valid coupon for each full sixteen days which have elapsed in the "valid period" during which such book is issued;

(3) From a basic Class D book issued after August 16, 1943 in Area A, one coupon for each full eight days which have elapsed between July 21, 1943 and the date of issuance;

(4) From a basic Class D book issued after August 16, 1943 in Area B or in the gasoline shortage area, one coupon for each full ten days which have elapsed between July 21, 1943 and the date of issuance.

10. Section 1394.7653 (e) is amended by deleting the words "by a registrar or a Board" in the first sentence.

12. Section 1394.7701 (c) is amended to read as follows:

(c) In Area A applicants for supplemental rations are deemed to have available 150 miles per month of occupational driving by using the basic ration to which they are entitled. In Area B such applicants are deemed to have available sixty miles per month of such driving. In the gasoline shortage area such applicants are deemed to have available sixty miles per month of such driving in respect to motorcycles and are deemed to have no such mileage available in respect to passenger automobiles. Supplemental rations may be issued to provide only occupational mileage allowed by the Board in excess of any occupational mileage deemed available in the basic ration. However, no deduction for any such mileage deemed available in the basic ration shall be made by the applicant in stating his required occupational mileage or by the Board in allowing occupational mileage, since an appropriate deduction is automatically made when the Board applies the tables set forth in § 1394.7705 pursuant to which supplemental rations are issued.

12a. Section 1394.7701 (d) is revoked.

13. In § 1394.7704 (b) the proviso at the end of the third sentence is amended to read as follows:

PART 1364—FRESH, CURED, AND CANNED
MEAT AND FISH PRODUCTS

[MPR 448]

CANNED CLAMS

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and 9328, that maximum prices be established for sales by canners of canned clams.

Pursuant to the above authority, the Price Administrator has established prices in this regulation that are generally fair and equitable and will effectuate the purposes of the Act, and will promote equitable distribution of canned clams through normal trade channels.

The maximum prices established herein are not below the average prices of canned clams in the year 1941.

Determination of prices established herein has been made after consulting and advising with representative members of the industry which will be affected by the regulation.

Revised Maximum Price Regulation 183 is amended in the following respect:

1. Section 48 is added to read as follows:

(2) The transportation cost may not exceed the customary carrier charge for a similar shipment, whether such transportation be accomplished by a common or contract carrier or by a dealer, distributor or seller.

(b) Within five days after receipt in Puerto Rico of a shipment of Southern Yellow Pine and/or Douglas Fir lumber for sale, the importer shall file with the Office of Price Administration for the Territory of Puerto Rico, San Juan, a statement setting forth in detail the direct cost to the importer, including the price the importer paid, all discounts allowed, all costs of shipment, customs and entry fees, and war risk insurance cost.

(c) Every person selling Southern Yellow Pine or Douglas Fir Lumber shall accompany each sale of such lumber with an invoice on which shall be stated his name and address, the name of the person from whom the lumber was purchased, the date of such purchase, a description of the lumber, and a detailed calculation of the price charged as follows: the "direct cost to the importer" as reported to the Office of Price Administration pursuant to paragraph (b) above, the local transportation charges which have accrued, the charge for transportation to the purchaser, and the markup which has been added.

(d) The maximum price established in section 48 (a) is a gross price to which may be added no additional charges for breakage, warehousing, handling, or any other services or incidents of sale than those specifically authorized by this amendment.

PART 1448—EATING AND DRINKING ESTABLISHMENTS (Restaurant MPR 3-7)

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN WEST VIRGINIA

In the judgment of the Regional Price Administrator of Region III, the prices of food and beverages sold for immediate consumption in the State of West Virginia have risen and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the Regional Administrator of Region III, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the Act. So far as possible, the Regional Administrator

of Region III gave due consideration to prices prevailing between October 1 and 15, 1941, and consulted with the representatives of those affected by this regulation.

A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith.

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority therewith delegated by the President pursuant to the Act of Congress approved October 2, 1942, entitled "An Act to Aid in Stabilizing the Cost of Living" (F.R. 7565), 77th Congress, Second Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the Regional Price Administrator of Region III hereby issues this Restaurant Maximum Price Regulation No. 3-7, establishing as maximum prices for food and drink sold for immediate consumption in the State of West Virginia the prices prevailing therefor during the seven-day period beginning April 4, 1943, and ending April 10, 1943.

§ 1448.207. Maximum prices for food and drink sold for immediate consumption. Under the authority vested in the

SECTION 1. Sales at higher than ceiling prices prohibited. If you own or operate a restaurant, hotel, cafe, bar, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" (including any beverage) or "meal" at a price higher than the highest price at which you offered the same food item or meal in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943. You must not offer or sell any other food item or meal at a price higher than the ceiling price which you figure according to the directions in the next section (section 2). You may, of course, sell at lower than ceiling prices.

Sec. 2. How you figure ceiling prices for food items and meals you did not sell in the seven-day period. You must figure your ceiling price for a food item or meal which you did not offer in the seven-day period as follows:

(a) If you served the same food item or meal within thirty days prior to April 4, 1943, you shall take as your ceiling price the last price at which you offered the same food item or meal during said thirty-day period.

(b) If you did not sell or offer to sell the food item or meal either during the seven-day period, or the thirty-day period, then you choose from the food items or meals for which a ceiling price has already been fixed, the food item or meal which is most similar to the food item or

meal you are pricing and then proceed as follows:

(1) Determine the cost of the raw food which you use in preparing the new food item or meal.

(2) From the food items and meals for which you have already established ceiling prices, choose a food item or meal which currently has a raw food cost equal to or less than the raw food cost of the new food item or meal.

(3) Take as your ceiling price for the new food item or meal your ceiling price for the food item or meal chosen for comparison. The food item or meal chosen for such comparison should be of the same class as the new food item or meal. If, however, you can find no food item or meal of the same class, you may use for comparison the most similar food item or meal of another class having a food cost equal to or less than your food cost for the new food item or meal. "Currently" as used herein means current on the day you figure your price.

(c) Once your ceiling price for a food item or meal has been fixed, it may not be changed, except as may be expressly provided herein.

Sec. 3. Classes of food items and meals. See definition of "food item" and "meal" contained in section 14.

(a) The classes of food items are as follows:

Breakfast Items

- (1) Fruits and fruit juices.
- (2) Cereals.
- (3) Egg and combination egg dishes served at breakfast.
- (4) Breads, rolls, toast, etc., served at breakfast.
- (5) All other breakfast dishes.

Other Items

- (6) Appetizers and cocktails.
- (7) Soups.
- (8) Beef.
- (9) Pork.
- (10) Lamb, mutton.
- (11) Veal.
- (12) Poultry.
- (13) Fish and shellfish.
- (14) Miscellaneous and variety meats including liver, kidneys, and made dishes such as stews, casseroles, etc.
- (15) Egg and cheese dishes which might be served as a main dish or entree in a meal.
- (16) All other dishes which might be served as a main dish or entree in a meal, such as spaghetti, vegetable plate, baked beans, chop suey, etc.
- (17) Potatoes.
- (18) All other vegetables.
- (19) Bread and butter.
- (20) Salads (except as served as main course in a meal).
- (21) Cakes, cookies, pies, pastries and other baked goods.
- (22) Ice cream and all fountain items.
- (22a) Seasonal dessert specialties, such as watermelons, cantaloupes, and berries.
- (23) All other desserts, including fruits, puddings, cheese, etc.
- (24) Hot sandwiches including hamburgers and frankfurters.
- (25) Cold sandwiches.
- (26) All other food items.

Beverages

- (27) Non-alcoholic beverages.
- (28) Beer and other malt beverages.
- (29) Wines.
- (30) Other alcoholic beverages.

(b) *The classes of meals.* For the purposes of this regulation there shall be ten classes of meals; namely, breakfast, lunch, tea, dinner, and supper during the week days, and breakfast, lunch, tea, dinner and supper on Sundays.

(c) *Legal holidays.* Your ceiling prices for food items or meals served on those days designated legal holidays by Federal law or by the law of the State in which the establishment is located may be the same as your Sunday ceiling prices for such establishment.

SEC. 4. No ceiling price to be higher than the highest price in the base period. Under no circumstances are you permitted to charge a higher price for a food item or meal which you did not offer in the seven-day period than the highest price at which you offered a food item or meal under the same class during the seven-day period, except that, if, during the thirty-day period immediately prior to April 4, 1943, you served a food item or meal at a price higher than the highest price charged for food items or meals in the same class during the seven-day base period, then you may continue to sell that same food item or meal at the higher price. In any such case, your records, as set forth in section 9 (b) herein, must include the menu or information showing the previous offering of such food item or meal at the higher price. The restriction of this section shall not apply to seasonal dessert specialties as specified in section 3, paragraph (a), Class (22a).

Example 1. If you figured an "in line" price for a week day at \$1.25, and your highest price in the week day dinner class is \$1.00, your ceiling price for the new dinner is \$1.00.

Example 2. If during the seven-day period your highest price for soup was 15 cents, you may not offer any soup at a price higher than 15 cents.

Example 3. If during the seven-day period your highest price for a week day dinner was \$1.25, in general, that is the highest price you may charge for any week day dinner. If, however, you served a chicken dinner at \$1.50 on any week day within 30 days prior to April 4, 1943, then you may continue to serve the same chicken dinner at \$1.50 even though that is a higher price than any price charged for the same class dinner during the seven-day period. But you may not add a new meal not served during the 30-day period, at a price in excess of \$1.25. Observe the requirement that a supporting menu (or price list) be made available to justify such exception.

SEC. 5. Prohibition against discontinuing meals at certain prices. You must not now discontinue offering meals at prices comparable to those charged by you in the seven-day period if by your doing so your customers would actually have to pay more than they did in the seven-day period. You will be in violation of this rule unless:

(a) You continue to offer meals at different prices representative of the range of prices at which you offered meals of the same class during the seven-day period, and unless

(b) You continue to offer on week days at least as many different meals at or below the lowest price charged by you for meals of the same class on any week day that you select in the seven-day period, as you did on that day.

(c) You continue to offer on Sundays and legal holidays at least as many different meals at or below the lowest price charged by you for meals of the same class on Sunday, April 4, 1943, as you did on that day.

Example: Thus you may select any week day in the seven-day period as the base day for week-day meals.

If you select Friday, April 9, 1943, to determine the lowest price and the number of week day meals offered at that price, and if on that day you offered six week day dinners, of which two were priced at 85¢, and one each at 90¢, \$1.00, \$1.10, \$1.15 you must continue to offer at least two week day dinners at 85¢.

SEC. 6. Evasion. (a) You must not evade the provisions of this regulation by any scheme or device, including:

(1) Deteriorating quality or reducing quantity without making appropriate reductions in price;

(2) Withdrawing the offer, or increasing the price, of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(3) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking, or other special charges, or making such charges when they were not in effect in the seven-day period;

(4) Requiring as a condition of sale of an item or meal the purchase of other items or meals, except that you may refuse to sell coffee unless a customer also purchases another food item;

(5) Refusing to sell combinations of food items as meals if such meals were offered in the seven-day period and the items making up the combination are being offered separately.

(b) You will not be considered evading the provisions of this regulation, however, if you do any of the following things, even though you did not do any of those things during the seven-day period:

(1) You may limit your customers to one cup of coffee per meal;

(2) You may limit your customers to one pat of butter per meal;

(3) You may reduce the quantity or eliminate altogether, ketchup, chili sauce, and any other condiment which is rationed;

(4) You may reduce the amount of sugar served with each cup of coffee or tea, to, but not less than, one teaspoonful.

(c) You must not, however, make the curtailment authorized in the foregoing sub-paragraphs and furnish these items at an additional charge. For example, if during the seven-day period you furnished ketchup, you may not discontinue furnishing this item free and at the same time offer to furnish it for an additional charge.

SEC. 7. Rules for new proprietors. (a) If you acquire another's business and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor.

(b) If you open an eating or drinking place after the seven-day period, you must fix ceiling prices in line with the ceiling prices of the nearest eating or drinking place of the same type as yours.

If you operate a concession in conjunction with a public event and were not in operation during the base period, you shall establish your prices in line with a similar type of eating and drinking place operating during the time of the base period. If the ceiling prices so fixed are too high and threaten to have an inflationary effect on the prices of food and drink, the Office of Price Administration may issue an order requiring you to reduce your ceiling prices. You are subject to the record requirements of section 9 and the posting requirements of section 10 immediately upon the opening of your place.

(c) *Seasonal eating and drinking establishments.* If you are the proprietor of a seasonal eating and drinking establishment you must figure your ceiling prices as follows:

(1) If your establishment was in operation during the base period from April 4 to April 10, 1943, use the rules set forth in sections 2, 3, and 4, of this regulation.

(2) If your establishment was not in operation during the base period from April 4 to April 10, but another establishment of the same type and within reasonable distance was in operation during that period, fix your ceiling prices as a new proprietor under the provisions of section 7, paragraphs (a) and (b) herein.

(3) If you cannot price under paragraphs (1) or (2) herein, and your establishment is not yet in operation, you shall apply for approval of maximum prices to the Office of Price Administration District Office for the area in which your establishment is located. Your application must be filed at least 10 days prior to the date on which you plan to commence operations and must include the following information:

(i) Your name and address and the name and address of your establishment.

(ii) A brief description of your business and the manner of operation.

(iii) A list showing the prices you charged during the previous season as well as the prices you propose to charge during the present or coming season, differentiating between week day and Sunday and holiday prices.

(iv) The date on which you plan to commence operations.

(v) The names of two establishments similar to yours in your vicinity.

You may then charge the prices listed if they are not disapproved by the Office of Price Administration prior to the date specified for the commencement of operations. The Office of Price Administration may, at any time, after proper investigation and hearing, establish or re-establish such maximum prices for your business as it deems proper and equitable.

(4) If your establishment is already in operation and you cannot price under paragraphs (1) or (2) herein, you shall, within 10 days of the effective date of this order, file application with the Office of Price Administration District Office for the area in which your establishment is located for approval of the prices which you are presently charging. Such

application shall include the same information as set forth for applications under paragraph (3) herein. Such listed prices shall be your maximum prices, but shall be subject to modification or adjustment at any time by the Office of Price Administration.

SEC. 8. Taxes. If in the seven-day period you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or in the business of selling food or drink, if the tax is measured by the number or price of items or meals.

SEC. 9. Records. You must observe all the record keeping requirements of General Order No. 50. This order requires among other things that you do the following:

(a) *Customary records.* You must preserve all your existing records relating to your prices, costs, and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration.

(b) *Records of the seven-day period.* You must make available for examination by any person during ordinary business hours a copy of each menu used by you in the seven-day period. If you did not use menus, you must prepare in duplicate and make available for such examination a list of the highest prices you charged in the seven-day period.

(c) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration, two each of the menus used by you each day. If you do not use menus you must prepare in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals.

SEC. 10. Posting. (a) If you made menus available to customers in the seven-day period April 4 to April 10, inclusive, you shall continue to make them available. All menus shall include prices for meals and food items offered.

(b) Within one week after the effective date of this order:

(1) Your menus must contain in clear and legible printing or writing, the following statement:

All prices listed are at or below our ceiling prices, which, by OPA regulation, are the highest prices we charged for the same item or meal from April 4 to April 10, 1943. Our records of prices for such period are available for your inspection.

(c) If you did not use menus during the April 4-10 period, you may either (1) institute the use of menus, abiding by the foregoing requirements, or (2) you must post a price list including prices for all meals and food items offered, near the cashier's desk, if any, or in such other location of your establishment that it may be easily seen and read by customers at the time of purchase. Such price list shall conform to the requirements of paragraph (b) above.

SEC. 11. *Operation of several places.* If you own or operate more than one eating or drinking place, you must do everything required by this regulation for each place separately.

SEC. 12. *Relation to other maximum price regulations.* The provisions of this regulation shall not apply to any sale for which a maximum price is established by any other regulation, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration.

SEC. 13. *Geographical application.* The provisions of this order shall be applicable to all eating and drinking places (as hereinafter defined in section (14) (e)) located in the State of West Virginia.

SEC. 14. *Definitions and explanations.* (a) "Person" means individual, corporation, partnership, association, or any organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political sub-divisions, and any agency of any of the foregoing.

(b) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blue-plate special. Two or more kinds of food which are prepared or served to be eaten together as one dish are not a "meal." Examples of such dishes are: ham and eggs, bread and butter, apple pie and cheese.

(c) "Offered" means offered for sale and includes the listing or posting of prices for items and meals even though the items and meals so offered were not actually on hand to be sold.

(d) "Food item" means an article or portion of food (including beverages) sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating without change in form or additional preparation. It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

(e) "Eating and drinking place" shall include any place, establishment or location, whether temporary or permanent, from which any food item or meal is sold, except those which are specifically exempted in section (16) hereof. It shall include by way of example, but not by way of limitation, such movable places where food is dispensed as field kitchens, lunch wagons, "Hot Dog" carts, etc.

(f) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 15. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 16. *Exemptions.* Sales by the following eating or drinking places are specifically exempted from the provisions of this regulation:

(a) Eating and drinking places located on church, temple or synagogue premises and operated in connection with special church, temple, or synagogue, Sunday School or other religious occasions.

(b) Railroad dining cars.

(c) Hospitals, except for food items and meals served to persons other than the patients, when a separate charge is made for such food items and meals.

(d) Eating and drinking places operated by any school, college or university which is a non-profit institution (that is, where no part of the net earnings inures to the benefit of any private shareholder or individual), which sells food items or meals on a non-profit or cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to students, faculty members and employees of such institution. For purposes of this paragraph, persons receiving instruction on the premises of such institution by arrangement with the War Department or Department of the Navy shall be considered students.

SEC. 17. *Provisions for amendments and adjustments.* (a) *Amendments.* The provisions of this regulation to the contrary notwithstanding, the Office of Price Administration may from time to time issue special orders providing for the reduction of the maximum price of any food item or items or meal or meals sold or offered for sale by any seller or sellers when, in the judgment of the Administrator, such action is necessary or desirable to prevent excessive charges, to prevent inflation, to stabilize prices affecting the cost of living, or to carry out the purposes of the Emergency Price Control Act of 1942, as amended, and Executive orders 9250 and 9328.

(b) *Adjustments.* The Office of Price Administration may adjust the maximum prices for any eating establishment under the following circumstances:

(1) The establishment will be forced to discontinue operations unless it is granted an adjustment of the maximum prices established by this regulation.

(2) Such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation.

(3) By reason of such discontinuance, the same meals or food items will cost the customers of the eating establishment as much or more than the proposed adjusted prices.

If you are the proprietor of an eating establishment which satisfies the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to your Office of Price Administration District Office an application in duplicate. The applica-

tion should contain the following information:

(1) Your name and address.

(2) A description of your eating establishment, including the type of service rendered, such as cafeteria, table service, etc.; classes of meals offered, such as breakfast, lunch and dinner; number of persons served per day during the most recent thirty day period (in counting the number of persons served, anyone who was served more than once is to be counted separately for each occasion he was served); and such other information that may be useful in classifying your establishment.

(3) The reason why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present maximum prices and requested adjusted prices.

(6) A profit and loss statement for your restaurant business for the most recent three-month accounting period, and a copy of your last income tax return if one was filed separately for your restaurant business.

Applications for adjustment under this section may be acted upon by the Regional Administrator or by any District Director who has been authorized to do so by order of the Regional Administrator.

SEC. 18. *Licensing.* The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Restaurant Maximum Price Regulation No. 3-7.

SEC. 19. *Revocation.* This regulation may be modified, amended, corrected, or revoked at any time by the Office of Price Administration.

Effective date. This regulation shall be effective August 5, 1943.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of July 1943.

Acting Regional Administrator.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MFR 4-1, Amdt. 4]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN ATLANTA REGION

For the reasons set forth in the statement of considerations* issued simultaneously herewith and under the

*Copies may be obtained from the Office of Price Administration.

authority vested in the Regional Price Administrator of Region IV by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, and General Order No. 50, section (e), *It is hereby ordered*, That section 20 be amended to read as set forth below and that sections 16 (e) and 21 be reissued as set forth below:

Sec. 16. Definitions and explanations. * * *

(e) "Eating or drinking place" shall include any place, establishment or location, whether temporary or permanent, from which any food item or meal is sold except those places which are specifically exempted in section 17 and in section 21 hereof.

Sec. 20. Adjustments. The Office of Price Administration may adjust the maximum prices for any eating establishment under the following circumstances:

(a) The establishment will be forced to discontinue operations unless it is granted an adjustment of the maximum prices established by this regulation.

(b) Such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation.

(c) By reason of such discontinuance, the same meals or food items will cost the customers of the eating establishment as much or more than the proposed adjusted prices.

If you are the proprietor of an eating establishment which satisfies the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to your OPA district office a statement setting forth:

(1) Your name and address.

(2) A description of your eating establishment including: type of service rendered (such as cafeteria, table service, etc.), classes of meals offered (such as breakfast, lunch and dinner), number of persons served per day during the most recent thirty-day period, and such other information that may be useful in classifying your establishment. (In counting the number of persons served, anyone who was served more than once is to be counted separately for each occasion he was served.)

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present and requested, adjusted maximum prices.

(6) A profit and loss statement for your restaurant business for the most recent three-month accounting period, and a copy of your last income tax return if one was filed separately for your restaurant business.

Applications for adjustment under this section may be acted upon by any district office that has been authorized to do so by order of the regional office.

Sec. 21. Seasonal eating and drinking places—(a) Exempt places. If you are the proprietor of a seasonal eating or drinking place that

(1) Was not open during the base period from April 4 to 10, 1943,

(2) Receives 90 per cent or more of its total annual revenue during four calendar months of the year,

(3) Is located in an area for which no maximum rent regulation has been issued,

the prices for food items and meals offered by you in that place are exempt from control.

You must not regard this exemption as relieving you from the obligations imposed upon you by General Order No. 50, and you are still subject to the provisions of section 18 of this regulation. Pursuant to this latter section the administrator will by special order establish maximum prices for any seasonal eating or drinking place which takes undue advantage of the exemption.

(b) *Non-exempt places.* If you are the proprietor of a seasonal eating or drinking place which is not exempt under the terms of paragraph (a), you must figure your ceiling prices as follows:

(1) If the place was in operation during the base period from April 4 to April 10, 1943, use the rules set forth in sections 2 and 3.

(2) If the place was not in operation during the base period from April 4 to April 10, 1943, but another place of the same type and within a reasonable distance was in operation during that period, fix your ceiling prices as a new proprietor under the terms of section 8.

(3) If you cannot price under subparagraphs (1) or (2) above, you must apply for a price to the OPA district office for the area in which your place is located. Your application must be filed ten days prior to the date you plan to commence operations and present the following information:

(i) Your name and address.

(ii) A brief description of your business and the manner of operation.

(iii) A list showing the prices you charged during the previous season as well as the prices you propose to charge during the coming season.

(iv) The date when you plan to commence operations.

(v) The names and addresses of two establishments similar to yours.

You may charge the prices listed if they are not disapproved by the Office of Price Administration prior to the date specified for the commencement of operations. That Office may at any time, after proper investigation and hearing, establish such maximum prices for your business as it deems proper.

This amendment to Restaurant Maximum Price Regulation No. 4-1 shall become effective the 2d day of August 1943.

NOTE: The reporting and record keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1449—CHARCOAL

[MPR 431, Amdt. 1]

CHARCOAL

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 431 is amended in the following respects:

1. Section 9 (a) is amended by adding immediately following the definition of "Granulated" or "Ground charcoal" a new definition as follows:

"Pine wood charcoal" means charcoal produced from pine wood in the states of Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, and South Carolina.

2. A new Appendix B is added to read as follows:

Appendix B: Maximum prices for pine wood charcoal—(a) Sales by producers. The maximum price for a sale by a producer of pine wood charcoal shall be \$15.00 per ton, f. o. b. producer's plant.

(b) *Sales by dealers.* The maximum price for a sale by a dealer of pine wood charcoal shall be the dealer's maximum price for a sale of pine wood charcoal established by the General Maximum Price Regulation including any order issued thereunder, or the maximum price computed pursuant to the first applicable method set forth below, whichever is higher.

(1) The dealer's maximum price for a sale of pine wood charcoal established by the General Maximum Price Regulation plus any increase in the price which he is required to pay to the producer from whom he purchases charcoal under the provisions of paragraph (a) of this appendix over the highest price paid by him to that producer for such pine wood charcoal during March 1942, or, if no purchases were made by him during March 1942 from such producer, during the last calendar month of 1942 prior thereto during which such purchases were made by him.

(2) Where a dealer is unable to determine his maximum price for pine wood charcoal under subparagraph (1) of this paragraph (b), the maximum price established by this regulation for a sale of such pine wood charcoal by his most closely competitive seller.

(c) *Containers.* The maximum price established by paragraph (a) of this appendix does not include any charges for containers. If pine wood charcoal is sold in containers, a reasonable charge for such containers may be added to the maximum price. This charge may not exceed the cost of such containers or the applicable maximum price established therefor, whichever is lower.

This amendment shall become effective August 21, 1943.

*The maximum price referred to is the maximum price for the first-named weight in the appropriate square of the left-hand column.

(c) *Meaning of "delivered."* "Delivered" means delivered to the place where the particular buyer has customarily received the goods. In other words, the prices named include all transportation to that point. Any amount the buyer himself pays to get the goods to that point must be subtracted from the maximum price named. Any amount the seller pays to move the goods beyond that point may be added to the maximum price. In cases where the seller is dealing with the buyer for the first time after August 26, 1943, "delivered" means delivered to the buyer's place of business.

(d) *Meaning of "consumer."* "Consumer" means the person other than an institutional or commercial user, who buys the potato chips being priced for eating purposes.

(e) *Meaning of "retailer."* "Retailer" means the person who bought the potato chips being priced and is reselling them to a consumer. The term also includes institutional and commercial users.

(f) *Meaning of "wholesaler."* "Wholesaler" means the person who bought the potato chips being priced and is reselling them to a retailer or an institutional or commercial user.

(g) *Meaning of "primary distributor."* "Primary distributor" means the person

who bought the potato chips being priced and is reselling them to a wholesaler.

(h) *Meaning of "package size" and "bulk."* "Package size" means the weight named on the label and not actual fill. "Bulk" means potato chips packed loose in containers holding more than one pound.

(i) *Meaning of "potato chips."* "Potato chips" shall mean the commodity customarily known and sold by this designation and shall also include "shoe-string style," "french fried," and "julienne" packed in other than hermetically sealed metal containers.

SEC. 3. *Price labeling requirement.* Any person who packs potato chips in individual retail packages shall state in a conspicuous place on each package (or label attached to it) the price named for sales of that size package to consumers.

SEC. 4. *Geographical applicability.* This regulation applies only to the forty-eight states of the United States and to the District of Columbia.

SEC. 5. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward

in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order.

SEC. 6. *Compliance with the regulation*—(a) No selling or buying above maximum prices. Regardless of any contract or obligation, no person shall sell or deliver potato chips, or buy or receive them in the course of trade, on and after August 26, 1943, at prices higher than the maximum prices established by this regulation. However, prices lower than maximum prices may be charged and paid. Package weights higher than named may also be sold and delivered at the price named for the lower weight package.

(b) *Evasion*. Nor shall any person evade a maximum price, directly or indirectly, whether by commission, service, transportation, or other charge or discount, premium or other privilege; by tying-agreement or other trade understanding; by any change of product; by a business practice relating to labeling or packaging; or in any other way.

(c) *Enforcement*. Any person violating a provision of this regulation is subject to the criminal penalties, and enforcement acts, license suspension provisions, and suits for treble damages provided by the Emergency Price Control Act of 1942, and amendments.

SEC. 7. *General amendments*. Any person seeking a general modification of this regulation may file a petition for amendment in accordance with Revised Procedural Regulation No. 1, and amendments, issued by the Office of Price Administration.

This regulation shall become effective August 26, 1943.

(c) The adjusted maximum prices hereinabove specified are for fluid milk in glass containers. The adjusted maximum price under this order for any seller of fluid milk in paper or fibre containers

affected by this order shall be determined by determining the differential in cents between the seller's maximum price prior to this order for such fluid milk in paper or fibre containers and his maximum price prior to this order for fluid milk in glass containers of the corresponding size in the particular locality, and applying the same differential in cents to the seller's adjusted maximum price under this order for such fluid milk in glass containers.

(d) The adjusted maximum price under this order for any seller of skim milk, plain buttermilk or Bulgarian buttermilk affected by this order shall be determined by determining the differential in cents between the seller's maximum price prior to this order for such item and his maximum price prior to this order for fluid milk in the particular locality and in the same container size, and applying the same differential in cents to the seller's adjusted maximum price under this order for such milk.

(2) The adjusted maximum delivered price for sales of milk in bulk by sellers whose places of business are in the localities enumerated above to the Armed Forces of the United States and to Federal, State, County, and Municipal institutions shall be equal to the maximum price for sales of milk in bulk at wholesale.

(f) No seller affected by this order shall change his customary allowances or discounts unless such change results in a lower price.

(g) In the case of single unit sales, any adjusted maximum price resulting in a fraction of a cent must be reduced to the next lower even cent if the fraction is less than one-half cent and may be increased to the next higher even cent if the fraction is one-half cent or more. In the case of multiple unit sales, the fractional unit price, if any, shall be multiplied by the number of units, and, if the result contains a fractional cent, it shall be similarly adjusted. Home deliveries shall be considered multiple unit sales unless separate collections are made for single units delivered.
